

IMS AND ASM
JACQUET-LUCAS AWARD FOR EXCELLENCE IN METALLOGRAPHY

The ASM Metallographic Award was established in 1946 for the best entry in the annual ASM metallographic competition. In 1958 it became known as Francis F. Lucas Metallographic Award and has been endowed since that date by Adolph I. Buehler. In 1972, ASM joined with the International Metallographic Society in sponsoring the Pierre Jacquet Gold Medal and the Francis F. Lucas Award for Excellence in Metallography. Beginning in 1976, this award is endowed by Buehler Ltd.
